# PRESS RELEASE

FOR IMMEDIATE RELEASE:

## THIRD GENERATION MACHINE SHOP CELEBRATES 70<sup>th</sup> ANNIVERSARY

Concord, NC (April 10, 2017) -Ketchie Incorporated is proud to announce its 70th year as a precision machine shop and provider of bearing service products. The company will commemorate by kicking off a series of events in May that will last throughout the year.

Company President, Courtney Ketchie Silver remarked: "I have been entrusted with a legacy that built a foundation of workmanship, loyalty, and integrity. Our rich history combined with technological advances and our team's passion have us positioned to grow with manufacturing and industrial distribution customers. They have relied on us for seventy years to build their businesses and we will continue to provide value as we help them plan for the future. John Quincy Adams said it best, "Duty is ours, results are God's."

Ketchie, Inc. ([www.KetchieInc.com](http://www.KetchieInc.com)) has continuously grown since its formation in 1947; from a textile job shop serving the local textile mills to a third generation, ISO certified, woman owned corporation operating CNC equipment and providing total supply chain solutions for both government and commercial clients. With precision machining capabilities that include turning, milling, broaching, grinding, and gear cutting, Ketchie also produces their own line of heavy and standard mounted bearings that internationally known for their reputation. Ketchie serves a broad range of industries including railroad, mining, lumber, aggregates, textiles and many specialized original equipment manufacturers in all 50 states and across 5 continents from their strategic location in Concord, NC.
